

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
AEROBOTICS GUILD
Constitution and By-Laws

PREAMBLE

We, the students of the National Aviation Academy of the Philippines – Palmayo-Basa Campus, recognizing the importance of innovation, creativity, collaboration, research, and technological advancement, and acknowledging the vital role of robotics, automation, and intelligent systems in advancing the aviation industry, nation-building, leadership, and community development, do hereby establish this Constitution and By-Laws of the AeroBotics Guild to promote academic excellence, technical competence, responsible leadership, and meaningful student engagement through innovation-driven initiatives

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

ARTICLE I
GENERAL PROVISIONS

Section 1. Title

This Constitution shall be known as the “Constitution and By-Laws of the AeroBotics Guild of the National Aviation Academy of the Philippines.”

Section 2. Scope and Authority

This Constitution shall govern the AeroBotics Guild of the National Aviation Academy of the Philippines – Basa-Palmayo Campus and shall serve as the highest governing document of the organization, subject to existing institutional rules and regulations.

Section 3. Nature and Purpose

The Guild is an academic and innovation-based student organization dedicated to the advancement of knowledge, skills, and applications in the fields of aeronautics, robotics, and related technologies. It shall strive to foster a culture of innovation, collaboration, technical excellence, and responsible leadership among its members.

Section 4. Principles and Commitment

This Constitution is committed to:

- a. Promoting student development in science, engineering, and technology;
- b. Upholding integrity, professionalism, and ethical innovation in all activities;
- c. Encouraging active participation, inclusivity, and collaboration among members;
- d. Representing the interests of members in matters related to the Guild;
- e. Providing opportunities for research, innovation, and practical application; and
- f. Supporting the mission and vision of the National Aviation Academy of the Philippines.

Section 5. Definition of Terms

For purposes of this Constitution, unless the context indicates otherwise:

- 5.1 “Academy” or “NAAP” refers to the National Aviation Academy of the Philippines.
- 5.2 “Guild” refers to the AeroBotics Guild of the National Aviation Academy of the Philippines.
- 5.3 “Executive Board” refers to the duly elected officers responsible for the governance and administration of the Guild.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

- 5.4 “Members” refers to all duly registered individuals who are recognized as part of the Guild.
- 5.5 “Active Members” refers to members in good standing who meet the participation and compliance requirements of the Guild.
- 5.6 “Adviser” refers to the faculty member designated by the institution to supervise and guide the Guild.
- 5.7 “Constitution and By-Laws” refers to this governing document, including all its provisions and annexes.

ARTICLE II
NAME, OFFICIAL LOGO, NATURE, AND OFFICE

Section 1. Name of the Organization

The name of this organization shall be **AeroBotics Guild**, hereinafter referred to as the Guild. It may also be referred to as the **AeroBotics** for general and informal communication.

Section 2. Official Logo

The official logo of the AeroBotics Guild embodies the organization’s identity, core values, and commitment to innovation in the fields of aviation and robotics. Each element of the logo carries symbolic meaning, representing the Guild’s vision of technological advancement and excellence.

2.1 Composition of the Official Logo

- 2.1.1. The shield represents protection, integrity, and institutional pride. It signifies that the Guild upholds strong ethical standards, discipline, and responsibility as part of the National Aviation Academy of the Philippines.
- 2.1.2. The paper airplane and its trajectory symbolize:
 - a. Aviation and aerodynamics
 - b. Innovation and forward-thinking ideas
 - c. The journey from concept to real-world applicationIt reflects how simple ideas can evolve into advanced aerospace technologies.
- 2.1.3. The stylized “AERØ” represents:
 - a. “Aero” – relating to air, aviation, and flight
 - b. The Ø (slashed O) symbolizes modernity, precision, and engineering excellence, often associated with technical and scientific fields

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

- c. The sharp, dynamic design conveys speed, progress, and innovation

2.1.4. The gear symbolizes:

- a. Engineering and mechanical systems
- b. Continuous movement and productivity
- c. The foundational role of mechanics in robotics and aviation

It reflects the Guild's focus on building and understanding complex systems.

2.1.5. The robotic arm represents:

- a. Automation and robotics
- b. Technological advancement and innovation
- c. The application of engineering in solving real-world problems

It highlights the Guild's commitment to hands-on development and future technologies.

2.1.6. The central structure represents:

- a. Aspiration and growth
- b. Reaching new heights in knowledge, skill, and innovation
- c. A symbolic link between ground engineering and aerial advancement

2.1.7. The banner containing the name "National Aviation Academy of the Philippines" signifies:

- a. Institutional identity and affiliation
- b. Pride in representing the academy
- c. The foundation upon which the Guild operates and develops

2.1.8. Color Scheme

- a. Blue – Trust, intelligence, and professionalism; strongly associated with aviation
- b. White – Clarity, precision, and purity of purpose
- c. Gold Accents – Excellence, achievement, and prestige
- d. Gray/Silver – Technology, machinery, and modern engineering

Section 3. Nature

The Guild shall be a duly recognized student organization of the National Aviation Academy of the Philippines – Palmayo-Basa Campus.

Section 4. Office

The principal office of the Guild shall be located at the National Aviation Academy of the Philippines – Palmayo-Basa Campus, or in any designated office or area that is approved in writing of the Office of Student Affairs.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

ARTICLE III
VISION, MISSION, AND OBJECTIVES

Section 1. Vision

To become a premier student organization that develops future-ready innovators, problem-solvers, and technology-driven leaders in robotics, automation, research, and applied engineering.

Section 2. Mission

The Guild shall cultivate students' interest and competence in robotics, electronics, programming, automation, building and innovation through projects, training, competitions, research activities, and community engagement.

Section 3. Objectives

The Guild shall pursue the following objectives:

- a. To promote interest in robotics, automation, coding, electronics, embedded systems, building, and related technologies;
- b. To provide students with opportunities for hands-on learning, experimentation, and project development;
- c. To encourage research, innovation, and interdisciplinary collaboration among students;
- d. To develop leadership, teamwork, discipline, and problem-solving skills;
- e. To organize seminars, workshops, exhibits, outreach programs, and competitions related to robotics and technology;
- f. To represent the National Aviation Academy of the Philippines in robotics, innovation, and research-related events;
- g. To support the academic and personal development of members through meaningful organizational programs; and
- h. To contribute to the technological and innovation culture of the institution and the wider community.

ARTICLE IV
MEMBERSHIP

Section 1. Qualification for Membership

Membership in the Guild shall be open to bona fide students of the National Aviation Academy of the Philippines – Palmayo-Basa Campus who are interested in robotics, innovation, and related fields, and who agree to uphold this Constitution and By-Laws. All applicants shall undergo an evaluation and interview process conducted by the Executive Board and the Adviser, based on standardized criteria provided in the Annex A: Membership Evaluation and Interview Guidelines.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 2. Membership Fee and Identification System

- a. A membership fee of **One Hundred Pesos (100.00)** per semester shall be collected from each member upon official registration, subject to approval by the Executive Board, Adviser, and the Office of the Student Affairs, in accordance with school policy.
- b. The membership fee shall include the issuance of an official Guild Identification Pin with embedded RFID technology, which shall serve as the member's official identification within the organization.
- c. The RFID identification system may be used for attendance monitoring, activity participation tracking, access control, pointing-system and other authorized organizational purposes.
- d. Replacement of lost or damaged identification pins may require an additional fee as determined by the Executive Board and approved by the Adviser.
- e. All data collected through RFID systems shall comply with institutional data privacy policies and shall be used solely for organizational purposes.
- f. Processing of data shall be governed by Annex B: Data Privacy and RFID Usage Policy of this constitution.

Section 3. Rights of Members

Active members shall have the right to:

- a. Participate in Guild activities and programs;
- b. Right to fair hearing in disciplinary cases.
- c. Vote on matters brought before the general membership, subject to existing rules;
- d. Be nominated or elected to office, subject to qualifications;
- e. Access official Guild information, reports, and approved plans; and
- f. Express views and recommendations for the welfare of the Guild.

Section 4. Duties and Responsibilities of Members

Each member shall:

- a. Uphold the Constitution and By-Laws of the Guild;
- b. Support and participate in approved activities;
- c. Observe proper conduct, discipline, and respect;
- d. Protect the name, integrity, and property of the Guild; and
- e. Pay approved membership fees, if any.

Section 5. Multiple Organizational Membership

Any regular member of the Guild may join other campus-recognized student organizations, provided that such membership does not interfere with their duties, responsibilities, and performance within the Guild. However, Executive Board

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

members are prohibited from holding positions in other organizations to ensure full commitment, accountability, and effective leadership within the Guild.

Section 6. Skills-Based Track Assignment

- 6.1 Upon completion of registration, all members shall undergo an initial skills assessment and interest evaluation conducted by the Executive Board and the Adviser.
- 6.2 Based on the results of the assessment, members shall be assigned to one of the following Specialized Tracks:
 - a. Systems and Fabrication
 - b. Software and Programming
 - c. Research and Development
 - d. Multidisciplinary Track
- 6.3 Final track assignments shall be approved by the Executive Officers and the Adviser, with the option for members to appeal within a reasonable period.
- 6.4 The purpose of track assignment is to align members' skills, interests, and potential with appropriate projects, training, and responsibilities within the Guild.
- 6.5 Members under the Multidisciplinary Track may participate across multiple functional areas and may be deployed based on project requirements.
- 6.6 Reassignment or transfer between tracks may be allowed upon request, performance evaluation, or recommendation by Committee Heads, subject to approval by the Executive Officers.
- 6.7 The full assessment tools, criteria, and procedures shall be outlined in Annex C: Skills Assessment and Track Assignment Framework.

ARTICLE V

COMPOSITION OF THE GUILD'S OFFICERS

Section 1. Executive Officers

- The Guild shall be governed by the following Executive Officers:
- a. Chief Innovation Officer
 - b. Deputy Innovation Officer
 - c. Communications Officer
 - d. Finance and Compliance Officer
 - e. Engagement and Media Officer

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 2. Committee Heads

To support the operational and developmental functions of the Guild, the following Functional Committee Heads shall be designated by their track members:

- a. Research and Development Head
- b. Systems and Fabrication Head
- c. External Relations and Linkages Head

Section 3. Nature of Roles

3.1. The Guild adopts a hybrid leadership structure combining traditional student organization roles with function-based designations.

3.2 The Executive Officers shall be responsible for governance, administration, and decision-making, while the Committee Heads shall oversee technical operations, project implementation, and community engagement.

Section 4. Duties of Executive Officers

4.1. Chief Innovation Officer

The CIO shall:

- a. Serve as the Chief Executive Officer of the Guild;
- b. Preside over meetings;
- c. Provide overall leadership and direction of the Guild;
- d. Lead innovation strategies, projects, and major initiatives;
- e. Represent the Guild in official functions and engagements;
- f. Coordinate with the Adviser, Office of Student Affairs, and school authorities;
- g. Create Ad-Hoc Committees when necessary;
- h. Ensure alignment of activities with the Guild's vision and objectives; and
- i. Perform other duties incidental to the office.

4.2. Deputy Innovation Officer

The DIO shall:

- a. Assist the Chief Innovation Officer in all official functions;
- b. Oversee the execution of approved plans and activities;
- c. Coordinate the work of officers and Committee Heads;
- d. Assume the duties of the Chief Innovation Officer in the latter's absence; and
- e. Perform other duties as assigned.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

4.3. Communications Officer

The Communications Officer shall:

- a. Record minutes of meetings and maintain official documentation;
- b. Manage internal communication and correspondence;
- c. Maintain records, attendance, and reports; and
- d. Safeguard all official documents of the Guild.

4.4. Finance and Compliance Officer

The Finance and Compliance Officer shall:

- a. Manage and record all financial transactions of the Guild;
- b. Prepare financial statements and reports;
- c. Ensure proper use and disbursement of funds;
- d. Conduct internal audit and compliance checks; and
- e. Maintain transparency and accountability in financial matters.

4.5. Engagement and Media Officer

The Engagement and Media Officer shall:

- a. Handle publicity, promotions, and official announcements;
- b. Manage social media, branding, and engagement strategies;
- c. Document activities through media and publication materials; and
- d. Promote the Guild's programs and achievements.

Section 5. Duties of Committee Heads

5.1. Research and Development Head

The R&D Head shall:

- a. Lead research initiatives, innovation development, and technical studies;
- b. Oversee concept design, prototyping planning, and experimentation;
- c. Support competition research, technical documentation, and project feasibility; and
- d. Coordinate with other committees for integration of research into actual builds and systems.

5.2. Systems and Fabrication Head

The Systems and Fabrication Head shall:

- a. Oversee hardware development, system integration, and robotics assembly;
- b. Manage tools, equipment, and technical resources;
- c. Ensure quality control, safety standards, and functionality of all systems; and

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

- d. Work closely with the Research and Development Head in translating concepts into working prototypes.

5.3. External Relations and Linkages Head

The External Relations and Linkages Head shall:

- a. Manage partnerships with organizations, institutions, and industry stakeholders;
- b. Facilitate outreach programs, collaborations, and external engagements;
- c. Strengthen the Guild's network for opportunities such as sponsorships, training, and competitions; and
- d. Promote initiatives aligned with institutional, community, and national development goals.

Section 6. Elective and Appointed Positions

Executive Officers shall be duly elected in accordance with established procedures. Committee Heads shall be appointed based on the voting of their track members, subject to the approval of the Guild Adviser.

Section 7. Coordination

The Committee Heads shall work closely with the Executive Officers and may organize sub-teams or working groups as necessary to effectively implement the Guild's programs, projects, and activities.

ARTICLE VI RANKING SYSTEMS (GENERAL AND SKILLS)

Section 1. Purpose

The Guild shall implement an RFID-enabled General and Skills-Based Ranking to measure and recognize the participation, performance, technical competence, and overall contribution of its members.

This system shall serve as the primary basis for:

- a. Membership standing
- b. Eligibility for leadership positions
- c. Awards, incentives, and recognitions
- d. Project assignment and technical responsibilities
- e. Organizational discipline and accountability

All data collected, including those from RFID-enabled systems, shall comply with Annex B: Data Privacy and RFID Usage Policy.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 2. Dual Ranking System

The Guild shall adopt a dual-ranking system, consisting of:

- a. **General Ranking System** – which evaluates participation, performance, and overall contribution; and
- b. **Skills-Based Ranking System** – which evaluates technical competence, specialization, and level of mastery.

Both systems shall operate concurrently and shall be used complementarily in evaluating members.

Section 3. General Ranking System

3.1 General Ranking Levels

Members shall be classified into the following levels:

- a. General Rank F – Entry-Level Member
- b. General Rank D – Developing Member
- c. General Rank C – Contributing Member
- d. General Rank B – Advanced Member
- e. General Rank A – Elite Member

3.2 Basis of General Ranking

General Ranking shall be based on a points system reflecting:

- a. Participation in activities
- b. Attendance and consistency
- c. Contribution to projects
- d. Leadership and responsibilities
- e. Academic and technical involvement
- f. Achievements and recognitions

The detailed computation, scoring system, and thresholds shall be provided in Annex D of this constitution.

3.3 Point Allocation and Deduction

Points shall be awarded or deducted based on verified participation and conduct, including but not limited to:

3.3.1. Positive Allocation

- a. Attendance in meetings and activities
- b. Active participation
- c. Project involvement
- d. Leadership roles
- e. Competition participation and awards
- f. Technical outputs and contributions

3.3.2. Negative Allocation

- a. Unexcused absences
- b. Failure to perform assigned duties

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

- c. Misconduct or violations
- d. Actions detrimental to the Guild

3.4 Evaluation and Updating

- a. Member points shall be evaluated periodically, preferably every one (1) to two (2) months
- b. Evaluation shall be conducted by the Executive Board in coordination with Committee Heads
- c. All records shall be reviewed and validated by the Adviser

3.5 Advancement of Rank

- a. Advancement shall be based on accumulated points and level of engagement
- b. Criteria shall be defined in Annex D
- c. Advancement shall be subject to review and approval by the Executive Board and Adviser

3.6 Transparency and Access

- a. Members shall have the right to be informed of their points and rank status
- b. Records shall be maintained with transparency and accountability

Section 4. Skills-Based Ranking System

4.1 Skills-Based Ranking Levels

Members shall be classified into the following levels of mastery:

- a. Level 1 (Foundation Level)
- b. Level 2 (Associate Level)
- c. Level 3 (Advanced Level)
- d. Level 4 (Specialist Level)
- e. Level 5 (Expert Level)

The detailed definitions, criteria, and evaluation procedures shall be provided in Annex L.

4.2 Nature and Purpose

The Skills-Based Ranking System classifies members according to their technical competence, specialization, and level of mastery in fields relevant to the Guild.

4.3 Areas of Specialization

As stated in the Article IV, Section 6, Subsection 6.2, members may be classified under one or more of the following areas:

- a. Systems and Fabrication
- b. Software and Programming
- c. Research and Development

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

d. Multidisciplinary

4.4 Skills Validation

All skills-based classifications and rankings shall require:

- a. A skills assessment examination
- b. Practical or technical evaluation, where applicable
- c. Approval by the Executive Board and the Guild Adviser

4.5 Function of Skills Ranking

The Skills-Based Ranking System shall serve as basis for:

- a. Assignment of members to projects
- b. Identification of technical leaders and specialists
- c. Qualification for specialized roles
- d. Ensuring competency and quality of outputs

Section 5. Relation to Projects and Training

- a. Both General and Skills-Based Rankings shall be used as basis in assigning members to projects and determining responsibilities
- b. Members assigned to technical roles shall meet the minimum Skills-Based Ranking requirements appropriate to the task
- c. Participation in projects and trainings shall contribute to both General and Skills-Based Rankings

Section 6. Supporting Annexes

The detailed implementation of this Article shall be governed by:

- a. Annex D – General Ranking, Points, and Evaluation System
- b. Annex L – Skills Ranking and Evaluation Framework

Section 7. Compliance

Failure to comply with the provisions of this Article may result in:

- a. Non-approval or suspension of projects
- b. Disqualification from participation in projects or activities
- c. Other actions as determined by the Executive Board and approved by the Adviser

ARTICLE VII RECOGNITIONS AND AWARDS

Section 1. Purpose

The Guild shall establish a structured system of recognition to honor members who demonstrate excellence in participation, leadership, technical competence,

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

innovation, and service. This system aims to promote motivation, uphold standards of excellence, and recognize meaningful contributions to the Guild.

Section 2. General Awards

Awards shall be conferred upon outstanding members prior to the end of each academic year.

- a. Recognition may include certificates, plaques, medals, distinctions, or other forms of acknowledgment as approved by the Guild
- b. Awards may be presented during:
 - Official Recognition Ceremonies
 - Graduation Ceremonies
 - Independent Guild Recognition Programs
- c. Special awards may be granted based on merit in leadership, innovation, technical skills, service, and overall contribution

Section 3. Major Awards and Titles

The Guild may confer the following major awards:

3.1 Guild Excellence Award

Awarded to the member who demonstrates outstanding overall performance in both General and Skills-Based Ranking Systems, including leadership, participation, and technical contribution.

3.2 Outstanding Leader Award

Awarded to a member who has exhibited exceptional leadership, initiative, responsibility, and impact in Guild activities and projects.

3.3 Technical Excellence Award

Awarded to a member who has demonstrated superior technical competence, innovation, and mastery in their field of specialization.

3.4 Innovation and Research Award

Awarded to a member or team that has developed innovative solutions, research outputs, or impactful technological contributions.

3.5 Project Excellence Award

Awarded to a project team that has successfully implemented a high-quality, functional, and impactful project aligned with Guild standards.

3.6 Service and Commitment Award

Awarded to a member who has shown consistent dedication, reliability, and active participation in Guild activities and responsibilities.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

3.7 Rising Innovator Award

Awarded to a developing member who has demonstrated significant growth, potential, and initiative within the Guild.

3.8 Best in Specialization Awards

Awarded to members who excel in specific fields:

- a. Best in Systems and Fabrication
- b. Best in Software and Programming
- c. Best in Research and Development
- d. Best in Multidisciplinary Innovation

3.9 Team Excellence Award

Awarded to a group that has demonstrated outstanding teamwork, collaboration, and successful project execution.

Section 4. Special Citations

The Guild may also confer special citations, including but not limited to:

- a. Competition Excellence Citation – for achievements in external competitions
- b. Leadership Distinction Citation – for notable leadership contributions
- c. Technical Contribution Citation – for significant project or system contributions
- d. Innovation Citation – for creative and impactful ideas or prototypes

Section 5. Criteria and Basis

5.1. Awards shall be based on a combination of:

- a. General Ranking (Annex D)
- b. Skills-Based Ranking (Annex L)
- c. Project contributions
- d. Leadership performance
- e. Verified accomplishments

5.2. The selection criteria and evaluation process shall be determined by the Annex M of this constitution.

Section 6. Selection and Approval

- a. The selection of awardees shall be conducted by at least three (3) members of the Executive Board, one (1) member of the Committee Heads and two (2) active members of the guild, subject to the approval of the adviser.
- b. Final approval of all awards shall be granted by the Guild Adviser
- c. The Guild may establish a Recognition Committee when necessary

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 7. Documentation and Records

All awards and recognitions shall be:

- a. Properly documented and recorded
- b. Maintained as part of official Guild records
- c. Made available for verification when necessary

Section 8. Additional Awards

The Guild reserves the right to create additional awards, categories, or distinctions as deemed necessary, subject to approval by the Executive Board and the Adviser.

ARTICLE VIII
ELECTIONS, VACANCIES, AND SUCCESSION

Section 1. Elections

The election of officers shall be held annually on a date approved by the Guild Adviser, preferably two weeks before the start of the final examinations or in accordance with institutional guidelines.

Section 2. Qualifications for Candidacy

Any member seeking election to any position within the AeroBotics Guild must satisfy the following qualifications:

a. **Active Membership**

The candidate must be a duly registered and active member of the Guild in good standing for at least one (1) academic term prior to the election, unless otherwise determined by the Executive Board and Adviser for newly established organizations.

b. **Good Standing**

The candidate must have no pending disciplinary case and must not have been found guilty of any major offense under Annex E: Code of Discipline and Sanctions within the current academic year.

c. **Minimum Participation Requirement**

The candidate must have demonstrated active participation in Guild activities, as evidenced by attendance records, involvement in projects, or contributions, and must meet at least Rank D in Annex D: Points, Ranking, and Evaluation System.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

d. Academic Eligibility

The candidate must be academically eligible in accordance with institutional policies and must not be under academic probation or disciplinary sanction at the time of filing candidacy.

e. Leadership Competence and Commitment

The candidate must demonstrate leadership potential, responsibility, and willingness to fulfill the duties and obligations of the position being sought.

f. Exclusivity of Office

The candidate must not be holding any officer position in another recognized student organization within the campus at the time of filing candidacy and throughout the term of office to avoid conflict of interest and in order for the candidate to focus on his duties and responsibilities in case he/she wins.

g. Completion of Candidacy Requirements

The candidate must duly file all required documents within the prescribed period, including but not limited to:

- i. Certificate of Candidacy (COC)
- ii. Endorsement or clearance, if required
- iii. Statement of Intent and Platform

Formats of the requirements are provided in Annex I and Annex J.

h. Attendance in Orientation

The candidate must attend any mandatory candidates' orientation or briefing conducted by the Election Committee.

Section 3. Election Committee

3.1 An Election Committee will be created a month before the elections to administer fair and orderly elections, with the Adviser serving in an oversight capacity consistent with school policy.

3.2 The Election Committee shall:

- a. Consist of three (3) to five (5) qualified members;
- b. Be composed of individuals not seeking office;
- c. Be appointed with Adviser approval.

Section 4. Election Process

The election shall include:

1. Filing of candidacy

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

2. Screening
3. Campaign period
4. Voting
5. Canvassing and proclamation

Section 5. Voting System

Voting shall be conducted through:

- a. Secret ballot; or
- b. Authorized digital platform ensuring confidentiality and integrity.

Section 6. Protest Mechanism

- 6.1. Protests must be filed within forty-eight (48) hours after the result of the elections;
- 6.2. Resolution shall be completed within five (5) academic days from filing of the protest;
- 6.3. Decisions shall be final.

Section 7. Voting

Only active members in a good standing in provision with the Annex E of this constitution may vote.

Section 8. Vacancy

In case of vacancy in the office of the Chief Innovation Officer, the Deputy Innovation Officer shall assume the presidency for the unexpired term.

Section 9. Other Vacancies

Vacancies in other offices may be filled through appointment by the Chief Innovation Officer with the approval of the Executive Officers and Adviser, unless school policy requires otherwise.

Section 10. Removal, Suspension or Impeachment Officers

10.1 Grounds

Any officer may be removed or suspended for just cause, including but not limited to:

- a. Commission of any major offense as defined under Annex E: Code of Discipline and Sanctions;
- b. Serious or repeated violations of this Constitution, its Annexes, or the Code of Ethics under Annex F;
- c. Neglect of duty, misconduct, or loss of good standing.
- d. Having confirmed disciplinary records filed with the Office of Student Affairs that affect the officer's eligibility, integrity, or fitness to serve in the Guild.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

10.2 Initiation of Complaint

A formal written complaint may be filed by any member in good standing, supported by sufficient facts or evidence.

10.3 Independent Disciplinary Committee

An Independent Disciplinary Committee shall be formed to ensure impartiality, fairness, and due process in cases involving the investigation, suspension, or removal of any officer of the Guild.

10.3.1 Composition

The Committee shall be composed of:

- a. Guild Adviser
- b. One (1) Committee Head who is not directly involved in the case; and
- c. One (1) active member in good standing, selected through a fair and transparent process.

10.3.2 Qualifications and Disqualification

Members of the Committee must:

- a. Be impartial and of good standing;
- b. Have no direct involvement, conflict of interest, or personal relation to the parties concerned;
- c. Not be a respondent, complainant, or witness in the case.

Any member found to have a conflict of interest shall be immediately replaced.

10.3.3 Powers and Functions

The Committee shall:

- a. Conduct a fair and impartial investigation of the case;
- b. Review all submitted evidence, testimonies, and relevant documents;
- c. Ensure that due process is strictly observed;
- d. Submit a written report containing findings of fact and recommendations.

10.3.4 Decision and Recommendation

The Committee shall recommend appropriate action, including dismissal of the complaint or imposition of sanctions, to the Executive Board and the Adviser. Final action shall be taken in accordance with the voting requirements and approval process provided in this Constitution. Findings of the Committee shall be

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

given substantial weight and may only be overturned by a two-thirds (2/3) vote of the General Assembly.

10.3.5 Transparency and Documentation

All proceedings, findings, and recommendations shall be properly documented and recorded, subject to confidentiality and data privacy policies of the Guild.

10.3.6. Timeline

The Committee shall complete its investigation and submit its recommendation within a period not exceeding seven (7) academic days from its formal constitution, unless extended for justifiable reasons.

10.4 Due Process

All proceedings shall strictly observe due process in accordance with Section 5 of Annex E, including:

- a. Written notice of charges;
- b. Opportunity to be heard;
- c. Fair and impartial investigation; and
- d. Formal resolution.

10.5 Effect and Succession

In case of removal, the resulting vacancy shall be filled in accordance with the provisions on succession and vacancies under this Constitution.

ARTICLE IX
MEETINGS AND QUORUM

Section 1. General Assembly

The Guild shall hold a General Assembly at least once every semester or as often as necessary, for the purpose of reporting, deliberation, planning, and decision-making on matters affecting the organization. Notice of the General Assembly shall be communicated to all members within a reasonable period prior to the scheduled date, indicating the agenda, time, and venue.

Section 2. Regular Meetings

Regular meetings of the Executive Officers and members shall be conducted on a weekly, biweekly, or monthly basis, as determined by the approved plan of activities. Such meetings shall serve as venues for coordination, monitoring of projects, and discussion of organizational matters.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 3. Special Meetings

Special meetings may be convened to address urgent or specific concerns requiring immediate action. A special meeting may be called by:

- a. The Chief Innovation Officer;
- b. A majority of the Executive Officers; or
- c. The Faculty Adviser.

Notice of such meeting shall include the specific agenda, and only matters indicated therein shall be taken up, unless otherwise allowed by majority consent of those present.

Section 4. Quorum

A quorum shall be required for the valid conduct of official business in all meetings of the Guild.

4.1 General Assembly Quorum

- a. A quorum for the General Assembly shall consist of fifty percent (50%) plus one (1) of the active members in good standing;
- b. In cases where the total membership becomes impractical for full attendance, the Guild may adopt a representative quorum system, subject to approval by the Executive Board and the Adviser;
- c. Under the representative system:
 - i. Members shall be represented by duly recognized delegates (e.g., per committee, track, or group);
 - ii. The number of representatives shall be determined proportionally based on membership distribution.
 - iii. Representatives shall exercise voting rights on behalf of their respective groups;
- d. The adoption and structure of the representative system shall be documented and communicated to all members to ensure transparency and fairness.

4.2 Executive Officers' Quorum

A quorum for meetings of the Executive Officers shall consist of a majority of all incumbent Executive Officers.

4.3 Absence of Quorum

In the absence of a quorum:

- a. No binding decisions or official actions shall be made;
- b. The meeting may proceed for discussion purposes only or be adjourned;
- c. Matters discussed may be presented for ratification in a subsequent meeting where quorum is present.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 5. Parliamentary Authority

The Guild shall adopt a parliamentary procedure in the conduct of all meetings to ensure order, fairness, and efficiency in deliberations.

- a. The rules of procedure shall be guided primarily by generally accepted parliamentary principles, unless otherwise provided in this Constitution and By-Laws or by institutional policy;
- b. The presiding officer shall ensure that discussions, motions, and voting processes are conducted in an orderly and impartial manner;
- c. In cases not expressly covered by this Constitution and By-Laws, the Guild may adopt supplementary rules consistent with recognized parliamentary practices, subject to the approval of the Executive Board and the Adviser.

ARTICLE X
FUNDS, PROPERTIES, AND FINANCIAL MANAGEMENT

Section 1. Sources of Funds

Funds may come from membership fees, donations, sponsorships, approved fund-raising activities, grants, or other lawful sources permitted by the institution.

Section 2. Disbursement

No Guild funds shall be disbursed without approval of the Chief Innovation Officer, Finance and Compliance Officer, Adviser, and such other approving authorities as required by school policy.

Section 3. Financial Accountability

- a. The Finance and Compliance Officer shall maintain accurate and complete records of all financial transactions and shall be primarily responsible for the preparation of the Guild's financial reports.
- b. The Chief Innovation Officer shall exercise oversight over the Guild's financial management, review financial reports, and ensure that funds are administered in accordance with this Constitution, applicable policies, and approved Guild resolutions.
- c. All Executive Officers shall regularly review the Guild's financial records to promote accountability and transparency.
- d. The Finance and Compliance Officer and the Chief Innovation Officer shall be jointly responsible and accountable for the proper management, safeguarding, and lawful use of the Guild's funds

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 4. Financial Transparency and Reporting

- a. The Finance and Compliance Officer shall prepare and present financial reports at least once every academic term, within fifteen (15) days after the end of the term or as required by the Executive Board and the Adviser;
- b. Financial reports shall include, but not be limited to:
 - i. Summary of income and expenditures;
 - ii. Current balance of funds;
 - iii. Status of approved budgets and projects;
- c. Such reports shall be made accessible to all active members to ensure transparency and accountability. Copies of such reports shall also be made available upon formal request by any Guild member, subject to applicable institutional policies and data privacy requirements;
- d. The Guild may, when necessary, conduct internal or external audits in coordination with the Adviser and relevant institutional offices;
- e. Failure to comply with financial reporting requirements shall constitute grounds for suspension or removal.

Section 5. Use of Funds

Funds shall be used solely for lawful and approved Guild purposes, including projects, training, competition participation, materials, and organizational operations.

Section 6. Properties and Equipment

All Guild properties, tools, and equipment shall be properly inventoried, maintained, and used responsibly. Members entrusted with Guild property shall be accountable for its proper use, safekeeping, and return.

ARTICLE XI
GUILD ADVISER

Section 1. Adviser

The Guild shall have at least one faculty adviser and not more than the number allowed by institutional policy.

Section 2. Qualifications

The faculty adviser shall possess the qualifications required by institutional policy and should preferably be knowledgeable in robotics, research, technology, electronics, engineering, or related areas.

Section 3. Duties and Responsibilities

The faculty adviser shall:

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

- a. Guide the Guild in policy and program implementation;
- b. Assist in preparing operational plans and annual activities;
- c. Be present in approved activities whenever required;
- d. Review reports and official submissions;
- e. Ensure that activities comply with school rules and student welfare standards; and
- f. Perform such other duties consistent with institutional policy.

Section 4. Decisions

The Adviser shall provide oversight and guidance and shall not unreasonably withhold approval unless required by institutional policy.

ARTICLE XII PROGRAMS AND ACTIVITIES

Section 1. Nature of Activities

The Guild shall conduct activities related to robotics, electronics, automation, coding, aviation innovation, research, leadership, and community engagement.

Section 2. Approval

All projects and activities shall be subject to approval by the Adviser, Office of Student Affairs, and other concerned offices.

Section 3. Compliance

All activities shall comply with institutional policies, safety standards, and applicable regulations.

ARTICLE XIII PROJECTS AND TRAINING

Section 1. Purpose

This Article establishes the policies and standards governing the development, implementation, monitoring, and documentation of all Guild projects, as well as the conduct of official trainings. It ensures that all projects and trainings uphold the principles of quality, accountability, innovation, and technical excellence.

Section 2. General Project Requirement

All projects of the Guild shall comply with standardized procedures, documentation requirements, and approval processes prior to implementation as

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

provided in the Annex F, G and H of this constitution. No project shall be initiated without fulfilling the minimum requirements set forth in this Article.

Section 3. Project Development Requirements

3.1 Project Proposal

No project shall be initiated without a formal project proposal containing, at minimum:

- a. Schematic Diagram
- b. 3D Design or Model
- c. Estimated Cost and Bill of Materials

The proposal must be duly approved and signed by the Guild Adviser, Research and Development Head and Systems and Fabrication Head

3.2 Team Composition

Each project must have, at minimum:

- a. One (1) Fabricator
- b. One (1) System Developer

3.3 Project Roles

All projects shall formally assign the following roles:

- a. Project Leader
- b. Project Secretary
- c. Project Treasurer

These roles shall be documented in the project proposal.

3.4 Financial and Progress Monitoring

- a. The Project Treasurer shall:
 - Maintain accurate financial records; and
 - Submit financial reports to the Finance and Compliance Officer
- b. Project progress shall be subject to validation by:
 - At least two (2) Committee Heads
 - Chief Innovation Officer
 - Guild Adviser

3.5 Income-Generating and External Projects

Projects with financial, commercial, or external application potential shall:

- a. Be coordinated with the External Relations and Linkages Head and the Finance and Compliance Officer; and
- b. Comply with all applicable financial, legal, and institutional requirements prior to implementation

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 4. Project Documentation and Compliance

- a. All projects must maintain complete and updated documentation throughout their development
- b. Documentation shall include proposals, progress reports, financial records, and final outputs
- c. Failure to comply with documentation and approval requirements may result in:
 - Non-approval or suspension of the project
 - Disqualification from continuation
 - Other actions as determined by the Annex E of this constitution.

Section 5. Training System

5.1 Certification Requirement

All official trainings conducted by the Guild shall provide certificates of completion.

5.2 Certification Authority

Certificates shall be duly signed by the Guild Adviser and Chief Innovation Officer.

5.3 Training Standards

All training programs shall include:

- a. Defined training duration or number of hours
- b. Clearly identified skills to be acquired
- c. Alignment with the member's specialization or assigned track, while allowing limited cross-disciplinary exposure

Section 6. Scope and Application

- a. All members participating in projects and trainings shall comply with the provisions of this Article
- b. This Article shall apply to all internal and external projects undertaken by the Guild

ARTICLE XIV
INTELLECTUAL PROPERTY AND RESEARCH OUTPUTS

Section 1. Recognition of Intellectual Property Rights

The Guild recognizes the importance of protecting the intellectual property rights, authorship, and innovations of its members while ensuring that outputs developed under the Guild are properly governed, protected, and utilized for legitimate academic, research, and organizational purposes.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 2. Coverage

This Article shall apply to all research, innovations, prototypes, technical outputs, publications, software, documentation, and other intellectual works produced through:

- a. Guild-sponsored activities and projects;
- b. Official competitions, programs, and initiatives;
- c. Collaborative works involving members, officers, or authorized external partners; and
- d. Use of Guild resources, facilities, funding, or institutional support.

Section 3. Ownership, Usage, and Protection

Ownership, authorship, attribution, use, publication, confidentiality, commercialization, and related matters concerning intellectual outputs shall be governed by Annex H: Intellectual Property Policy. All members shall comply with the provisions set forth therein.

Section 4. Approval for External Use and Publication

No intellectual output produced under the Guild shall be externally published, presented, commercialized, reproduced, or otherwise disseminated without compliance with the approval procedures provided under Annex H.

Section 5. Violations and Sanctions

Violations involving plagiarism, unauthorized use, misrepresentation of authorship, unauthorized disclosure, or misuse of intellectual property shall be subject to disciplinary action in accordance with Annex H: Intellectual Property Policy and Annex E: Code of Discipline and Sanctions.

Section 6. Institutional Compliance

This Article and its corresponding annex shall be interpreted in a manner consistent with the policies, regulations, and intellectual property rules of the National Aviation Academy of the Philippines and other applicable institutional or legal standards.

ARTICLE XV DISCIPLINE

Section 1. Grounds for Disciplinary Action

Any member or officer of the Guild may be subject to disciplinary action for violations of this Constitution and By-Laws, its Annexes, or applicable institutional policies. Grounds for disciplinary action shall include, but are not limited to:

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

- a. Commission of any minor or major offense as defined under Annex E: Code of Discipline and Sanctions;
- b. Violation of the ethical standards and conduct prescribed under Annex F: Code of Ethics;
- c. Misconduct, insubordination, or behavior prejudicial to the Guild or the institution;
- d. Misuse, damage, or unauthorized use of Guild funds, property, or resources;
- e. Academic disqualification or institutional disciplinary sanction, where applicable.

Section 2. Due Process and Disciplinary Procedure

No disciplinary action shall be imposed without observance of due process, in accordance with Section 5 of Annex E: Code of Discipline and Sanctions, which includes:

- a. Filing of a formal complaint supported by sufficient basis;
- b. Issuance of written notice of charges to the respondent;
- c. Opportunity for the respondent to be heard and present a defense;
- d. Conduct of a fair and impartial investigation by the Executive Board, in coordination with the Adviser; and
- e. Issuance of a formal decision based on established findings.

Section 3. Sanctions and Penalties

Sanctions shall be imposed in accordance with Section 4 of Annex E, taking into consideration the nature, severity, and circumstances of the offense. Such sanctions may include, but are not limited to:

- a. Warning or reprimand;
- b. Probation;
- c. Suspension from activities or privileges;
- d. Removal from office, where applicable; or
- e. Expulsion from the Guild.

Section 4. Appeals

Any member or officer subject to disciplinary action may file an appeal in accordance with Section 6 of Annex E, within the prescribed period. The decision on appeal shall be final.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 5. Non-Exclusivity of Liability

Disciplinary action imposed by the Guild shall be without prejudice to any administrative, academic, or legal proceedings that may be instituted by the school or other competent authorities.

**ARTICLE XVI
AMENDMENTS**

Section 1. Proposal of Amendments

Amendments to this Constitution and By-Laws may be proposed by:

- a. The Executive Board; or
- b. At least one-third (1/3) of the active members in good standing.

All proposed amendments shall be submitted in writing, clearly stating the provisions to be amended, modified, or repealed, together with the proposed revisions.

Section 2. Prior Notice and Circulation

- a. All proposed amendments must be formally circulated to the general membership at least seven (7) days prior to the scheduled deliberation or voting;
- b. Circulation may be done through official communication channels of the Guild, including but not limited to written notices, electronic mail, or officially recognized digital platforms;
- c. The notice shall include:
 - i. The full text of the proposed amendment;
 - ii. A brief explanation or rationale, if applicable; and
 - iii. The date, time, and venue of the meeting where the amendment shall be deliberated and voted upon;
- e. No amendment shall be deliberated or voted upon unless the required period of prior notice has been complied with, except in cases of urgency as determined by the Executive Board and approved by the Adviser.

Section 3. Deliberation and Approval

- a. Amendments shall be deliberated upon during a duly called meeting with a quorum present;
- b. Approval of any amendment shall require a two-thirds (2/3) vote of the active members present in a meeting called for the purpose;
- c. Voting shall be conducted in a manner consistent with the Guild's adopted parliamentary procedures.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 4. Effectivity

Approved amendments shall take effect upon ratification by the required voting body and subject to review and approval by the appropriate school authorities, unless otherwise specified in the amendment.

ARTICLE XVII
EFFECTIVITY

Section 1. Effectivity

This Constitution and By-Laws shall take effect upon approval by the competent authorities of the National Aviation Academy of the Philippines – Palmayo-Basa Campus and shall remain in force until amended or repealed in accordance with the provisions herein.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

ANNEXES

ANNEX A. MEMBERSHIP EVALUATION AND INTERVIEW GUIDELINES

Section 1. Title and Purpose

This Annex shall be known as the *Membership Evaluation and Interview Guidelines*. It establishes a standardized, objective, and merit-based system for the screening and selection of applicants to the Guild.

Section 2. Scope

These guidelines shall apply to all applicants seeking membership in the Guild.

Section 3. Components of Evaluation

All applicants shall undergo the following stages:

- a. Documentary Review
- b. Skills Assessment Examination
- c. Structured Panel Interview

Section 4. Evaluation Criteria and Scoring System

Criteria	Description	Maximum Points
Interest and Motivation	Demonstrated enthusiasm and intent	20
Foundational Knowledge	Basic understanding of relevant fields	15
Analytical and Problem-Solving Skills	Logical reasoning and adaptability	20
Commitment and Availability	Willingness to participate actively	25
Communication Skills	Clarity and coherence in expression	20
TOTAL		100

A minimum score of **seventy percent (70%)** shall be required for admission.

Section 5. Examination Development and Revision

The Skills Assessment Examination shall be:

- a. Developed, reviewed, and approved annually by the Faculty Adviser;
- b. Prepared either by the Adviser or by any qualified individual or body formally designated by the Adviser;

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

c. Revised periodically to ensure relevance, fairness, and alignment with current technological and academic standards.

Section 6. Interview Panel Composition

The interview panel shall consist of:

- a. Not less than three (3) Executive Officers;
- b. At least one (1) Committee Head; and
- c. The Faculty Adviser or duly authorized representative.

Section 7. Decision and Appeals

- 7.1. Results shall be released within a reasonable period not exceeding seven (7) days.
- 7.2. Applicants may file an appeal within three (3) days from receipt of results.
- 7.3. Decisions upon appeal shall be final.

ANNEX B

DATA PRIVACY AND RFID USAGE POLICY

Section 1. Purpose

This Annex governs the collection, processing, storage, and protection of personal data obtained through membership and RFID systems.

Section 2. Legal Basis

All data processing shall comply with Republic Act No. 10173 (Data Privacy Act of 2012) and applicable institutional policies.

Section 3. Authorized Data Collection

The Guild may collect the following:

- a. Personal identification details
- b. Attendance and participation records
- c. RFID-generated activity logs

Section 4. Limitations on Use

- 4.1 Data shall be used strictly for:
 - a. Organizational administration
 - b. Attendance and participation monitoring
 - c. Performance evaluation
- 4.2 RFID data should be retained for two (2) years after the end of a member's membership only.
- 4.3 Data shall be securely deleted after retention period.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 5. Data Protection Measures

- a. Access shall be restricted to authorized personnel only;
- b. Data shall be stored in secure systems;
- c. Unauthorized disclosure is strictly prohibited.

Section 6. Rights of Members

Members shall have the right to:

- a. Access their data
- b. Request correction of inaccuracies
- c. Be informed of data usage

ANNEX C
SKILLS ASSESSMENT AND TRACK ASSIGNMENT FRAMEWORK

Section 1. Purpose

To ensure systematic and merit-based assignment of members into specialized functional tracks.

Section 2. Assessment Domains

Evaluation shall include:

- a. Technical Competence
- b. Analytical Ability
- c. Creativity and Innovation
- d. Expressed Interest

Section 3. Assignment Authority

Final track assignments shall be determined by the Executive Board, subject to the approval of the Adviser.

Section 4. Annual Review of Assessment Tools

All assessment tools shall be:

- a. Reviewed and updated annually;
- b. Developed by the Adviser or by a duly designated body;
- c. Aligned with current project and organizational needs.

Section 5. Appeals

Members may request reassignment within seven (7) days, subject to evaluation.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

ANNEX D
GENERAL RANKING AND EVALUATION SYSTEM

Section 1. Title and Purpose

This Annex shall be known as the *General Ranking and Evaluation System of the Aerobotics Guild*. It establishes a standardized and objective mechanism for measuring the participation, performance, contribution, and overall engagement of members in Guild activities, ensuring fairness, accountability, and recognition of merit.

Section 2. Scope and Application

This system shall apply to all members of the Guild and shall be used for:

- Monitoring individual participation and performance;
- Determining member standing and eligibility for privileges, leadership roles, and recognitions;
- Providing a basis for evaluation, incentives, and disciplinary considerations.
- Supporting data-driven decision-making within the Guild.

Section 3. Ranking Structure

Members shall be classified into ranks based on accumulated points, as follows:

Rank	Point Range	Description
General Rank F	0 – 30	Minimal participation; requires improvement
General Rank D	31 – 69	Basic participation; inconsistent engagement
General Rank C	70 – 129	Satisfactory participation and contribution
General Rank B	130 – 199	Active and consistent contributor
General Rank A	200 and above	Outstanding performance; exemplary member

- Rankings shall reflect the member's level of engagement, responsibility, and contribution to the Guild;
- Rank classifications may be used as basis for eligibility in leadership positions, incentives, or recognitions;
- Members are encouraged to continuously improve their rank through active participation.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 4. Point Allocation System

Points shall be awarded or deducted based on the nature and extent of participation, including but not limited to the following:

4.1 Positive Point Allocation

Activity	Points	Description
Attendance	+2	Presence in official meetings, events, or activities
Active Participation	+5	Meaningful engagement during activities (e.g., discussions, teamwork)
Project Leadership	+15	Leading or managing a project or committee task
Competition Participation	+10	Participation in internal or external competitions
Awards (Internal)	+15	Recognition received within the Guild or institution
Awards (External)	+30	Recognition from external competitions or organizations
Technical Output	+10 to +20	Submission of projects, prototypes, research, or innovations (based on quality and impact)

4.2 Negative Point Allocation

Violation	Points Deducted	Description
Unexcused Absence	-5	Failure to attend without valid reason
Misconduct	-10 to -30	Violations under Annex E: Code of Discipline and Sanctions, depending on severity

4.3 Guidelines on Point Allocation

- Points shall be awarded only upon proper documentation or verification by the communication officer or the committee head where the member is in;
- The evaluation of activities such as technical outputs shall be based on predefined criteria (e.g., quality, innovation, functionality, and impact);

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

- c. Misconduct penalties shall be aligned with the classification of offenses under Annex E;
- d. The Executive Board reserves the right to assign appropriate point values for activities not explicitly listed, subject to approval of the Adviser. However, points must be supported by verifiable documentation and cross-validated by at least one additional committee head.

Section 5. Monitoring and Recording

- a. All points shall be recorded and maintained by the Communications Officer;
- b. Updated records shall be made accessible to members periodically for transparency;
- c. Members shall have the right to request verification or clarification of their recorded points.

Section 6. Continuation of Points

- a. All accumulated points of a member may be carried over to the succeeding academic year, provided that the member remains continuously active in the Guild as a regular member;
- b. Points shall be retained only for members who maintain active membership and good standing without interruption;
- c. In the event that a member becomes inactive, resigns, or is subjected to suspension or expulsion, the continuation of points may be forfeited or subject to review by the Executive Board, with the approval of the Adviser;
- d. Members who assume officer positions may have their points reset, adjusted, or separately evaluated, as determined by the Executive Board, in order to ensure fairness in leadership assessment;
- e. The implementation and conditions of point continuation shall be subject to annual review in accordance with Section 9 of this Annex.

Section 7. Authority and Approval of Points Adjustment

- a. All awarding, addition, deduction, or adjustment of points shall be subject to the approval of the Faculty Adviser;
- b. No points shall be added, modified, or deducted without proper verification and authorization from the Adviser, either directly or through delegated authority;
- c. The Faculty Adviser shall have the final authority in all matters relating to the allocation, adjustment, or validation of points;
- d. In case of disputes, inconsistencies, or appeals regarding points, the decision of the Adviser shall be final and binding;
- e. All approved adjustments shall be properly documented and recorded to ensure transparency and accountability.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 8. Evaluation and Utilization

- a. The point system shall be used as a basis for:
 - i. Determining active membership status;
 - ii. Eligibility for leadership positions and candidacy;
 - iii. Qualification for awards, incentives, or recognition;
 - iv. Supporting disciplinary evaluations when necessary;
- b. The Guild may establish minimum point requirements for specific privileges or roles.

Section 9. Review and Adjustment

- a. This system shall be reviewed annually by the Executive Board in coordination with the Adviser;
- b. Adjustments may be made to ensure fairness, relevance, and alignment with the Guild's objectives;
- c. Any revision shall be properly documented and communicated to all members prior to implementation.

Section 10. Final Provisions

- a. This system shall promote fairness, transparency, and merit-based evaluation;
- b. No member shall be unjustly awarded or penalized points without proper basis;
- c. In case of disputes, the matter shall be resolved by the Executive Board, subject to the approval of the Adviser.

ANNEX E
CODE OF DISCIPLINE AND SANCTIONS

Section 1. Title and Purpose

This Annex shall be known as the *Code of Discipline and Sanctions of the AeroBotics Guild*. It establishes the rules, procedures, and penalties governing the conduct of members to ensure discipline, accountability, and the orderly functioning of the Guild, in accordance with institutional policies and standards.

Section 2. Scope and Application

This Code shall apply to all members, officers, committee heads, and affiliates of the Guild in all official activities, projects, communications, and representations, whether conducted within or outside the institution.

Section 3. Classification of Offenses

Offenses shall be classified based on their nature, severity, and impact on the Guild:

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

3.1 Minor Offenses

Minor offenses are violations that do not severely compromise the integrity, safety, or reputation of the Guild but may affect discipline and order. These include, but are not limited to:

- a. Unexcused absence from meetings, activities, or assigned duties;
- b. Tardiness or habitual late attendance;
- c. Failure to comply with minor organizational requirements or deadlines;
- d. Negligence in handling minor responsibilities;
- e. Improper use of Guild resources not resulting in damage;
- f. Minor violations of safety protocols that do not result in harm or risk;
- g. Disruptive behavior during meetings or activities.

3.2 Major Offenses

Major offenses are serious violations that compromise the integrity, safety, operations, or reputation of the Guild. These include, but are not limited to:

- a. Gross misconduct or insubordination;
- b. Theft, misuse, or intentional damage of Guild property or resources;
- c. Academic dishonesty, including plagiarism, falsification of data, or misrepresentation;
- d. Harassment, bullying, discrimination, or any form of abusive behavior;
- e. Violation of safety protocols resulting in harm, risk, or significant hazard;
- f. Unauthorized disclosure of confidential information;
- g. Unauthorized use or commercialization of Guild outputs;
- h. Acts that bring disrepute to the Guild or the institution;
- i. Repeated commission of minor offenses despite prior warnings.

Section 4. Attendance and Tardiness Policy

- a. All members are expected to attend official meetings, activities, and events of the Guild. Attendance shall be monitored and recorded in accordance with the Guild's established procedures.
- b. A member is considered late if they arrive fifteen (15) minutes after the officially designated start time of the meeting or activity. Two (2) consecutive lates shall be equivalent to one (1) absence.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

- c. A member is considered absent if they fail to attend without a valid and duly communicated excuse. Accumulating three (3) absences within a semester shall be grounds for placing a member on inactive status.
- d. Members placed on inactive status may be subject to the following, as determined by the Executive Board and approved by the Adviser:
 - i. Suspension of voting rights;
 - ii. Ineligibility for leadership positions or project assignments;
 - iii. Loss of privileges, such as access to Guild resources or equipment.
- e. Attendance records shall be reset every semester to provide members with a fresh opportunity to maintain good standing.
- f. Participation in meetings and activities, which goes beyond mere presence to include meaningful engagement, shall be counted as attendance and may be reflected positively in the member's General Ranking points as provided in Annex D.

Section 5. Sanctions and Penalties

Sanctions shall be imposed proportionately, taking into account the severity of the offense, frequency, intent, and mitigating or aggravating circumstances.

5.1 Types of Sanctions

a. Warning

A formal notice issued for minor offenses, which may be verbal or written, and recorded for monitoring purposes.

b. Probation

A period during which the member's conduct and performance are closely monitored, with specific conditions imposed.

c. Suspension

Temporary removal from participation in Guild activities, privileges, or access to resources for a specified period.

d. Revocation of Privileges

Restriction from using equipment, participating in projects, or holding certain responsibilities.

e. Removal from Office

Applicable to officers who fail to fulfill duties or commit violations, subject to existing provisions of the Constitution.

f. Expulsion from the Guild

Permanent removal of membership, imposed for serious or repeated violations.

5.2 Application of Sanctions

- a. Minor offenses shall generally result in warnings, point deductions, or probation;

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

- b. Major offenses may result in suspension, removal from office, or expulsion;
- c. Repeated minor offenses may be elevated to major offenses;
- d. The Guild reserves the right to impose appropriate sanctions based on circumstances.

Section 6. Due Process and Disciplinary Procedure

No disciplinary sanction shall be imposed without observance of due process, as follows:

6.1 Filing of Complaint

- a. Any member may file a written complaint detailing the alleged violation;
- b. Complaints must be supported by evidence or reasonable basis.

6.2 Notice of Charges

- a. The respondent shall be issued a written notice specifying the allegations;
- b. The respondent shall be given reasonable time to prepare a response.

6.3 Opportunity to be Heard

- a. The respondent shall have the right to explain, defend, and present evidence;
- b. Hearings may be conducted if necessary.

6.4 Investigation

- a. The Executive Board, in coordination with the Adviser, shall conduct a fair and impartial investigation;
- b. Evidence shall be evaluated objectively.

6.5 Decision and Resolution

- a. A decision shall be rendered based on the findings of the investigation;
- b. Approval of the Adviser shall be required for major sanctions;
- c. Decisions shall be communicated in writing.

Section 7. Appeals

- a. The respondent may file an appeal within three (3) days from receipt of the decision;
- b. Appeals shall be reviewed by the Adviser or appropriate authority;
- c. The decision on appeal shall be final.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 8. Record-Keeping and Confidentiality

- a. All disciplinary actions shall be documented and properly recorded;
- b. Records shall be treated with confidentiality and accessed only by authorized personnel.

Section 9. Non-Exclusivity of Liability

Disciplinary action under this Code shall be without prejudice to any sanctions or proceedings imposed by the institution under its own rules and regulations.

Section 10. Review and Amendment

This Code shall be subject to periodic review and may be amended by the Executive Board with the approval of the Adviser to ensure fairness, relevance, and alignment with institutional policies.

ANNEX F
CODE OF ETHICS

Section 1. Title and Purpose

This Annex shall be known as the *Code of Ethics of the AeroBotics Guild*. It establishes the ethical standards, principles, and professional conduct expected of all members, ensuring that all activities, innovations, and engagements of the Guild are conducted with integrity, accountability, and respect for academic, institutional, and societal values.

Section 2. Scope and Application

This Code shall apply to all members, officers, committee heads, and affiliates of the Guild in all official activities, projects, communications, and representations, whether within or outside the institution.

Section 3. General Ethical Principles

All members shall be guided by the following fundamental principles:

- a. Integrity
- b. Accountability
- c. Respect
- d. Responsibility
- e. Excellence
- f. Innovation with ethical consideration

Section 4. Standards of Conduct

4.1 Integrity and Honesty

Members shall:

- a. Act with truthfulness, fairness, and transparency in all dealings;

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

- b. Avoid any form of dishonesty, including falsification of data, reports, attendance, or credentials;
- c. Refrain from cheating, plagiarism, or misrepresentation in academic and organizational work;
- d. Ensure that all outputs, research, and submissions are accurate and authentic.

4.2 Respect for Intellectual Property

Members shall:

- a. Acknowledge and properly cite all sources, references, and contributions;
- b. Refrain from unauthorized use, reproduction, or distribution of intellectual works;
- c. Respect the ownership of ideas, inventions, designs, and research outputs of others;
- d. Comply with the Guild's Intellectual Property Policy and applicable institutional regulations.

4.3 Ethical Innovation and Responsibility

Members shall:

- a. Ensure that all innovations, projects, and technological developments are conducted responsibly and ethically;
- b. Avoid creating or promoting technologies that may cause harm, violate laws, or compromise safety and human dignity;
- c. Consider the social, environmental, and ethical implications of their work;
- d. Promote innovation that contributes positively to the community, institution, and society.

4.4 Professionalism and Conduct

Members shall:

- a. Conduct themselves with discipline, respect, and courtesy at all times;
- b. Maintain proper decorum in meetings, activities, and official communications;
- c. Represent the Guild and the institution in a positive and respectful manner;
- d. Avoid any behavior that may damage the reputation of the Guild or the institution.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

4.5 Respect for Persons and Inclusivity

Members shall:

- a. Treat all individuals with dignity, fairness, and respect;
- b. Refrain from discrimination, harassment, bullying, or any form of abusive behavior;
- c. Promote an inclusive and collaborative environment regardless of background, identity, or skill level.

4.6 Accountability and Responsibility

Members shall:

- a. Take responsibility for their actions, decisions, and assigned tasks;
- b. Fulfill commitments and organizational duties diligently;
- c. Be accountable for the proper use of Guild resources, funds, and equipment;
- d. Report any unethical conduct or violations in good faith.

Section 5. Conflict of Interest

Members shall avoid situations where personal interests conflict with the interests of the Guild. Any potential conflict must be disclosed to the Executive Board and Adviser, and appropriate measures shall be taken to ensure fairness and transparency.

Section 6. Confidentiality

Members shall:

- a. Respect the confidentiality of sensitive information, including organizational data, member records, and project details;
- b. Refrain from unauthorized disclosure of confidential information;
- c. Use information only for legitimate organizational purposes.

Section 7. Enforcement and Violations

- a. Violations of this Code shall be subject to investigation in accordance with the Guild's disciplinary procedures.
- b. Sanctions shall be imposed based on the severity of the violation, as provided in Annex E: Code of Discipline and Sanctions.
- c. Due process shall be strictly observed.

Section 8. Amendments and Review

This Code shall be subject to periodic review and may be amended by the Executive Board with the approval of the Adviser to ensure continued relevance and alignment with institutional standards.

The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

ANNEX G
SAFETY AND LABORATORY PROTOCOL

Section 1. Title and Purpose

This Annex shall be known as the *Safety and Laboratory Protocol of the AeroBotics Guild*. It establishes the mandatory safety standards, procedures, and responsibilities governing the use of tools, equipment, laboratory spaces, and project environments to ensure the protection of all members and the proper conduct of technical activities.

Section 2. Scope and Application

This Protocol shall apply to all members, officers, and participants engaged in:

- a. Robotics development and fabrication;
- b. Electronics and programming activities;
- c. Laboratory work, workshops, and project sites;
- d. Any activity involving tools, machinery, or technical equipment under the Guild.

Section 3. General Safety Compliance

- a. All members shall strictly adhere to established safety standards, institutional regulations, and applicable laws.
- b. Members shall exercise due diligence and responsibility in all technical and laboratory-related activities.
- c. Any act that compromises safety, whether intentional or negligent, shall be subject to disciplinary action.

Section 4. Personal Protective Measures

Members shall:

- a. Wear appropriate Personal Protective Equipment (PPE), including but not limited to gloves, safety goggles, and protective clothing, when required;
- b. Maintain proper attire suitable for laboratory and technical work;
- c. Avoid the use of unsafe accessories or clothing that may pose hazards during operations.

Section 5. Training and Authorization Requirement

- a. No member shall operate any tool, equipment, or machinery without undergoing proper training and orientation.
- b. Training shall be conducted or approved by the Executive Board, Committee Heads, or the Adviser.
- c. Authorization to use equipment shall be granted only upon successful completion of required training.
- d. A record of trained and authorized users may be maintained for accountability.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 6. Proper Use of Equipment and Facilities

Members shall:

- a. Use tools and equipment only for their intended purpose;
- b. Follow all operational procedures and safety instructions;
- c. Ensure that equipment is properly handled, maintained, and returned after use;
- d. Immediately report any malfunction, defect, or unsafe condition.

Section 7. Supervision and Access Control

- a. High-risk equipment and laboratory activities shall be conducted under proper supervision;
- b. Access to restricted areas or equipment may be limited to authorized personnel only;
- c. The Guild reserves the right to regulate usage schedules and permissions.

Section 8. Incident and Hazard Reporting

- a. All accidents, injuries, near-misses, and hazardous conditions shall be reported immediately to the nearest officer or supervising authority;
- b. A written incident report shall be submitted within a reasonable period;
- c. Necessary corrective and preventive measures shall be implemented.

Section 9. Emergency Procedures

Members shall:

- a. Be familiar with emergency exits, safety equipment, and response protocols;
- b. Follow institutional emergency procedures in case of fire, electrical hazards, or other emergencies;
- c. Prioritize safety and immediate response over continuation of activities.

Section 10. Accountability and Sanctions

- a. Any violation of this Protocol shall be subject to disciplinary action in accordance with Annex E: Code of Discipline and Sanctions;
- b. Repeated or serious violations may result in suspension of laboratory privileges or membership.

Section 11. Review and Amendment

This Protocol shall be reviewed periodically and may be updated by the Executive Board with the approval of the Adviser to ensure compliance with evolving safety standards.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

ANNEX H
INTELLECTUAL PROPERTY POLICY

Section 1. Title and Purpose

This Annex shall be known as the *Intellectual Property Policy of the AeroBotics Guild*. It establishes the rules governing ownership, authorship, usage, protection, and commercialization of all intellectual outputs produced under the Guild.

Section 2. Scope and Application

This Policy shall apply to all intellectual outputs created through:

- a. Guild-sponsored projects and activities;
- b. Research, prototypes, and innovations;
- c. Collaborative works involving members, officers, or external partners;
- d. Any work utilizing Guild resources, facilities, or funding.

Section 3. Ownership of Intellectual Property

3.1. All intellectual outputs shall be jointly owned by the Guild and the contributing creators, unless otherwise specified by written agreement;

3.2. Outputs developed with external partners may be subject to separate agreements;

3.3. The institution's policies shall prevail in case of conflict.

3.4. In the absence of a written agreement, net revenues shall be shared as follows: seventy percent (70%) to the creators and thirty percent (30%) to the Guild.

3.5. The distribution of ownership, authorship, and rights shall be defined by the Main Author(s) of the output, in consultation with the co-authors. The main author holds the decision for the distribution of ownership.

3.6. In projects or research outputs, the following shall be recognized:

- a. Main Author: The primary creator or leader of the project.
- b. Co-Authors: Other members who have made substantial contributions.
- c. Adviser: The Guild Adviser who provides academic guidance and oversight.

3.7. All major decisions regarding ownership, external use, and publication shall be subject to a multi-tiered approval process:

- a. The Committee Heads (specifically R&D and Systems) will review the technical validity and project documentation.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

- b. The Executive Board will review the alignment with organizational goals and policies.
- c. The final Adviser approval is required for any official action, ensuring compliance with institutional rules.

Section 4. Authorship and Attribution

- a. Intellectual outputs developed under the Guild shall, as a general rule, be jointly owned by the Guild and the contributing creators, unless otherwise specified by a written agreement;
- b. The contributing creators shall retain authorship rights, including proper attribution and recognition in all uses of the work;
- c. The Guild shall retain non-exclusive rights to use, reproduce, and present the outputs for academic, research, training, and organizational purposes;
- d. In cases involving commercialization, external funding, or institutional collaboration, ownership, revenue-sharing, and usage rights shall be governed by a separate written agreement, subject to institutional policies;
- e. Where institutional resources, facilities, or funding are substantially used, the policies of the National Aviation Academy of the Philippines shall prevail;
- f. In the absence of a specific agreement, disputes regarding ownership or usage shall be resolved in accordance with Section 9 (Dispute Resolution) of this Annex.

Section 5. Use of Intellectual Property

- a. Guild-owned outputs may be used for academic, research, and organizational purposes;
- b. Members may use outputs for personal academic purposes with proper acknowledgment;
- c. Unauthorized use, reproduction, or distribution is prohibited.

Section 6. External Use and Publication

- a. Any external use, presentation, publication, or dissemination of outputs shall require prior approval from the executive board and the faculty adviser
- b. Proper attribution to the Guild and contributors must be maintained in all external engagements.

Section 7. Confidentiality and Protection

- a. Sensitive projects, research, and proprietary information shall be treated as confidential;
- b. Members shall not disclose confidential information without authorization;
- c. Measures shall be taken to protect intellectual assets from misuse.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 8. Commercialization and Revenue Sharing

- a. Any commercialization of outputs shall be subject to approval by the Guild and Adviser;
- b. Revenue-sharing arrangements shall be determined through a formal agreement;
- c. Institutional policies shall govern where applicable.

Section 9. Dispute Resolution

- a. Disputes regarding ownership, authorship, or usage shall be resolved internally by the Executive Board and Adviser;
- b. If unresolved, the matter may be elevated to the appropriate institutional authority.

Section 10. Compliance and Sanctions

- a. Violations of this Policy shall be subject to disciplinary action under Annex E: Code of Discipline and Sanctions;
- b. Legal or institutional consequences may apply for serious violations.

Section 11. Review and Amendment

This Policy shall be subject to periodic review and may be amended to remain aligned with institutional regulations and evolving intellectual property standards.

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

CERTIFICATE OF CANDIDACY

I hereby announce my candidacy for the position of _____
under the AeroBotics Guild Elections; and having been duly sworn in accordance with the
Constitution and By-Laws of the AeroBotics Guild, I hereby state the following:

1. Name:

LAST NAME

MIDDLE INITIAL

GIVEN NAME

2. Program, Year and Section

3. Current Guild Rank

4. Contact Number

5. Email Address

In a brief paragraph, why do you want to run as an officer of the AeroBotics Guild?

I hereby declare that:

1. I am a duly registered and active member of the Guild in good standing;
2. I possess all the qualifications required under the Constitution and By-Laws;
3. I have no pending disciplinary case and am not disqualified under any provision;
4. I agree to abide by the rules, regulations, and election policies of the Guild;
5. All information provided herein is true and correct to the best of my knowledge.

SIGNATURE OVER PRINTED NAME

Annex I. Certificate of Candidacy, AeroBotics Guild

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

STATEMENT OF INTENT AND PLATFORM PROGRAM

I, _____, do hereby present my platform program/s as I ran to the position of _____ in the AeroBotics Guild with the commitment to serve, lead, and contribute meaningfully to the growth and advancement of this Guild.

1. Brand of Leadership

Briefly describe your personal leadership brand. What core values, principles, or leadership style will guide your actions and decisions if elected?

(Example: "My leadership brand is rooted in service, transparency, and innovation. I lead by listening, decide with data and compassion, and act with accountability.")

2. Planned Platform Initiatives or Projects

List and briefly explain your specific platform initiatives or projects.

DECLARATION

I commit to faithfully execute the duties of the position I seek, uphold the welfare of Guild members, and advance the mission of the AeroBotics Guild with integrity and excellence.

AEROBOTICS GUILD

OATH OF OFFICE

I, _____, having been duly elected/appointed to the position of _____ of the AeroBotics Guild, do hereby solemnly swear that I will faithfully discharge the duties and responsibilities of my office to the best of my ability, skill, and judgment, without negligence or delay; uphold and defend the Constitution and By-Laws of the AeroBotics Guild, as well as all duly enacted policies, resolutions, and decisions of the Guild; maintain integrity, transparency, accountability, and professionalism in all my official actions, decisions, and representations; prioritize the welfare, rights, and interests of the Guild and its members above personal or political gain; refrain from misusing my position, authority, or access to Guild resources for personal benefit or any unauthorized purpose; foster a culture of collaboration, respect, and service among fellow officers and the general membership; serve the Guild and its members with dedication, excellence, and genuine commitment to the growth and advancement of the Guild; and accept full responsibility and submit myself to the applicable disciplinary processes outlined in the Guild's governing documents should I fail to uphold this oath.

So help me God.

ANNEX L
SKILLS RANKING AND EVALUATION FRAMEWORK

Section 1. Title and Purpose

This Annex establishes the detailed framework for the implementation of the Skills-Based Ranking System of the Guild, including classification, levels of mastery, evaluation procedures, and application.

Section 2. Scope

This system shall apply to all members of the Guild and shall serve as the official basis for determining technical competence and specialization.

Section 3. Skills Classification Areas

Members shall be evaluated and classified under one or more of the following fields:

- a. Systems and Fabrication (Builder)
- b. Software and Programming (Programmer)
- c. Research and Development (Researcher)
- d. Multidisciplinary

Section 4. Levels of Mastery

Each member shall be assigned a level of mastery within their field:

4.1. Level 1 – Foundation (0-40 SP)

- a. Basic understanding of concepts
- b. Requires supervision
- c. Limited practical experience

4.2. Level 2 – Associate (41-80 SP)

- a. Able to perform guided tasks
- b. Developing technical skills
- c. Requires occasional supervision

4.3. Level 3 – Advanced (81-130 SP)

- a. Can work independently on standard tasks
- b. Demonstrates functional understanding
- c. Contributes actively to projects

4.4. Level 4 – Specialist (131-180 SP)

- a. Handles complex tasks and systems
- b. Demonstrates strong technical competence
- c. Assists in mentoring lower-level members

4.5. Level 5 – Expert (181 SP above)

- a. Recognized expert in the field
- b. Leads technical aspects of projects
- c. Provides mentorship, validation, and innovation leadership

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 5. Track-Specific Competency-Based Point System

Points shall be awarded based on demonstrated competencies, level of independence, and repeated performance, and not solely on participation in a single project. They can be evaluated after completing a project.

5.1. Systems and Fabrication Track (Builder)

Points shall be awarded as follows:

- a. Able to identify tools, components, and materials correctly (+5)
- b. Able to perform basic assembly (wiring, soldering, mechanical assembly) with guidance (+5)
- c. Able to independently execute proper wiring, soldering, and assembly (+10)
- d. Able to diagnose and troubleshoot hardware issues independently (+15)
- e. Able to integrate multiple hardware systems (e.g., sensors, actuators, controllers) (+20)
- f. Able to design and build a functional prototype system (+25)
- g. Able to optimize build efficiency, safety, or durability (+15)
- h. Demonstrates consistent fabrication competence across multiple builds or tasks (+20)

5.2. Software and Programming Track (Programmer)

Points shall be awarded as follows:

- a. Able to identify syntax, structures, and basic programming logic (+5)
- b. Able to write basic functions or scripts with guidance (+5)
- c. Able to independently develop working modules or features (+10)
- d. Able to debug and resolve code issues effectively (+15)
- e. Able to integrate software with hardware systems (+20)
- f. Able to design full system logic or architecture (+25)
- g. Able to optimize code performance and efficiency (+15)
- h. Demonstrates consistent coding competence across multiple systems or tasks (+20)
- i. Able to use TinkerCAD smoothly (+10)
- j. Able to use EasyEDA smoothly (+15)

5.3. Research and Development Track (Research)

Points shall be awarded as follows:

- a. Able to identify and explain relevant concepts and theories (+5)
- b. Able to conduct structured literature review (+10)
- c. Able to analyze problems and propose logical solutions (+15)
- d. Able to prepare technical documentation and reports (+20)
- e. Able to design experiments, systems, or research frameworks (+20)

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

- f. Able to produce research outputs (paper, prototype concept, or validated study) (+25)
- g. Demonstrates consistent analytical and research competence across outputs (+20)

5.4. Multidisciplinary Track

Points shall be awarded as follows:

- a. Able to demonstrate working knowledge in at least two (2) tracks (+10)
- b. Able to integrate systems across multiple domains (hardware + software + research) (+20)
- c. Able to coordinate or contribute across cross-functional teams (+15)
- d. Able to solve system-level problems involving multiple disciplines (+25)
- e. Demonstrates consistent cross-domain competence across multiple outputs (+20)

Section 6. Standardized Competency Rubric

All competencies under Section 5 shall be evaluated using a 5-Level Mastery Scale to ensure objectivity, consistency, and fairness.

6.1 Mastery Scale

Each competency shall be rated from 1 to 5:

Score	Level	Description
1	Awareness	Able to identify concepts but cannot perform
2	Basic Execution	Performs tasks with full guidance
3	Functional	Performs tasks independently (standard level)
4	Proficient	Handles complex tasks and improves systems
5	Mastery	Leads, innovates, and teaches others

6.2 Point Conversion Rule

Each competency point in Section 4 shall be multiplied based on mastery:

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Mastery Level Multiplier

1	×0.5
2	×0.75
3	×1.0
4	×1.25
5	×1.5

Example:

“Able to integrate hardware systems” = 20 points

If member is:

- Level 2 → $20 \times 0.75 = 15$ SP
- Level 4 → $20 \times 1.25 = 25$ SP
- Level 5 → $20 \times 1.5 = 30$ SP

6.3 Minimum Competency Requirement Per Level

To prevent “point farming”, members must meet minimum mastery levels:

Skill Level Minimum Required

Foundation At least Level 1 in 3 competencies

Associate At least Level 2 in 3 competencies

Advanced At least Level 3 in 4 competencies

Specialist At least Level 4 in 3 competencies

Expert At least Level 5 in 2 competencies + Level 4 in 3 others

Section 7. Theoretical and Practical Assessments

- All members and officers shall undergo a theoretical and practical examination at the start of each academic year or upon their registration in the guild. The results of their examination shall determine their starting skill points (SP), which are used to establish their initial skill rank within the guild.
- The ratio of their examination score is equal to the skill points they can earn. A maximum of 50 points can be earned for each examination, up to 50 points for the theoretical exam and up to 50 points for the practical exam.
- Officers shall take the examination first, using an exam created by the adviser. Thereafter, the officers shall facilitate the examination for the members. Members may only take the examination after their track has been determined.

Section 8. Continuation of Points

- All accumulated skill points of a member may be carried over to the succeeding academic year, provided that the member remains continuously active in the Guild as a regular member;

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

- b. Points shall be retained only for members who maintain active membership and good standing without interruption;
- c. In the event that a member becomes inactive, resigns, or is subjected to suspension or expulsion, the continuation of points may be forfeited or subject to review by the Executive Board, with the approval of the Adviser;
- d. Members who assume officer positions may have their points reset, adjusted, or separately evaluated, as determined by the Executive Board, in order to ensure fairness in leadership assessment;

Section 9. Evaluation Process

Skills evaluation shall include:

- a. Written or theoretical assessment (only at the start of membership or academic year)
- b. Portfolio or project-based evaluation
- c. Interview or validation by Committee Heads
- d. After the end of each project

Section 10. Authority and Approval

- a. Evaluation shall be conducted by the Executive Board in coordination with Committee Heads
- b. Final approval of skills ranking shall be granted by the Chief Innovation Officer

Section 11. Reassessment and Advancement

- a. Members may request reassessment after demonstrating improvement
- b. Advancement shall be based on:
 - Performance in projects
 - Technical outputs
 - Evaluation results

Section 12. Application of Skills Ranking

Skills ranking shall be used for:

- a. Project assignment and team composition
- b. Selection of technical leads
- c. Qualification for advanced training
- d. Recognition of technical excellence

Section 13. Records and Documentation

All skills evaluations and rankings shall be:

- a. Properly documented
- b. Maintained by the Communications Officer or designated authority
- c. Made available to members upon request

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 14. Review and Amendment

This Annex shall be reviewed periodically and may be amended by the Executive Board with the approval of the Adviser to ensure relevance and alignment with organizational needs.

ANNEX M

RECOGNITION, AWARDS, AND EVALUATION FRAMEWORK

Section 1. Title and Purpose

This Annex shall be known as the *Recognition, Awards, and Evaluation Framework* of the Guild. It establishes the detailed criteria, pointing system, evaluation procedures, and standards for the selection of awardees under Article VII.

Section 2. General Principles

- a. Awards shall be **merit-based**, objective, and supported by verifiable data
- b. Evaluation shall be based on a combination of:
 - General Ranking (Annex D)
 - Skills-Based Ranking (Annex L)
 - Project performance
 - Leadership and service
 - Achievements and recognitions
- c. No award shall be granted without proper documentation and validation

Section 3. Evaluation Components and Weight Distribution

All candidates shall be evaluated based on the following components:

Component	Weight
General Ranking (Points)	30%
Skills-Based Ranking	25%
Project Contribution	20%
Leadership and Service	15%
Achievements and Recognition	10%

Section 4. Scoring System

4.1 General Ranking Score (30%)

Based on accumulated points under Annex D.

Rank	Score Equivalent
Rank A	100
Rank B	95

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Rank Score Equivalent

Rank C 85

Rank D 60

Rank F -

4.2 Skills-Based Ranking Score (25%)

Level Score Equivalent

Expert 100

Specialist 90

Advanced 80

Associate 70

Foundation 60

4.3 Project Contribution Score (20%)

Criteria Score

Led a major project 95–100

Key contributor in project 75–94

Participated in project 60–74

Minimal involvement 40–59

4.4 Leadership and Service (15%)

Criteria Score

Executive Officer / Project Leader 80–100

Committee Head / Active Officer 80–100

Active Member 80–100

Minimal participation 40–59

4.5 Achievements and Recognition (10%)

Criteria Score

International Award 100

National Award 90

Regional Award 80

School-Level Award 70

Participation Only 60

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

Section 5. Award-Specific Criteria

5.1 Guild Excellence Award

- a. Must be Rank B and above
- b. Must have Advanced or above Skill Level
- c. Must have led or significantly contributed to at least one (1) major project
- d. Final Score: 85% and above

5.2 Outstanding Leader Award

- a. Demonstrated leadership in projects or committees
- b. High Leadership Score (minimum 85%)
- c. Good standing in General Ranking (Rank B or higher)

5.3 Technical Excellence Award

- a. High Skills-Based Ranking (Specialist to Expert)
- b. Strong technical outputs and project contributions
- c. Skills Score: 85% and above

5.4 Innovation and Research Award

- a. Development of innovative project, system, or research
- b. Evaluated based on originality, impact, and application
- c. Must be validated by Chief Innovation Officer, but in case that the awardee is the CIO, the adviser has the sole power to give the award.

5.5 Project Excellence Award (Team)

- a. Functional and well-documented project
- b. Meets all requirements under Article VI (Project Framework)
- c. Evaluated on:
 - o Innovation
 - o Functionality
 - o Documentation
 - o Teamwork

5.6 Service and Commitment Award

- a. Consistent attendance and participation
- b. High General Ranking score (at least Rank B or above)
- c. Demonstrates reliability and responsibility

5.7 Rising Innovator Award

- a. Typically Rank C or below
- b. Demonstrates rapid improvement and initiative
- c. Strong potential in skills development

5.8 Best in Specialization Awards

NATIONAL AVIATION ACADEMY OF THE PHILIPPINES
The National Professional Institution for Aviation
(Formerly Philippine State College of Aeronautics)
AEROBOTICS GUILD

- a. Highest Skills Ranking within a specific field
- b. Demonstrated output and contribution in that specialization

Section 6. Evaluation Process

- a. Initial screening shall be conducted by Committee Heads
- b. Evaluation of the member-awardee shall be performed by the Executive Board
- c. Evaluation of the officer-awardee shall be performed by at least five (5) active members determined by the adviser
- d. Scores shall be computed based on Section 4
- e. Final deliberation shall be conducted to validate results
- f. Final approval shall be granted by the Adviser

Section 7. Tie-Breaking Mechanism

In case of equal scores in the Best in Specialization Award:

- a. Higher Skills-Based Ranking shall prevail
- b. If still tied, higher Project Contribution score shall prevail or a toss-coin shall be conducted
- c. Final decision shall be determined by the Adviser

Section 8. Documentation Requirements

All candidates must have:

- a. Updated ranking records
- b. Verified participation logs
- c. Project documentation (if applicable)
- d. Proof of achievements

Section 9. Transparency and Appeals

- a. Members may request a summary of their evaluation
- b. Appeals may be submitted within a designated period
- c. Final decisions shall remain subject to Adviser approval

Section 10. Amendments

This Annex may be revised to improve fairness, accuracy, and relevance, subject to approval of the Executive Board and Adviser.
